**The data quoted in the charts above represents past performance and does not indicate future returns.** Returns for periods of greater than one year are annualized. This presentation is intended as a one-on-one presentation. Copeland's management fees are described herein and in Copeland's ADV Part 2A. After-tax results will vary from the returns presented here for those accounts subject to taxation. You cannot invest directly in an Index. **Alpha** is a measure of the difference between actual returns and expected performance, given the level of risk as measured by beta, where beta measures sensitivity to index movements. **Beta** is a measure of the volatility, or systematic risk, of a security or a portfolio in comparison to the market as a whole. **Standard deviation** is a measure of the variability of returns - the higher the standard deviation, the greater the range of performance (i.e., volatility). **Upside Capture ratio** measures the manager's overall performance to the benchmark's overall performance, considering only quarters that are positive in the benchmark. An Up Capture ratio of more than 1.0 indicates a manager who outperforms the relative benchmark in the benchmark's positive quarters. **Downside Capture ratio** is the ratio of the manager's overall performance to the benchmark's overall performance, considering only quarters that are negative in the benchmark. A Down Capture ratio of less than 1.0 indicates a manager that outperformed the benchmark in the benchmark's negative quarters. **R-squared** measures the strength of the linear relationship between the portfolio and the benchmark. R-squared at 1.00 implies perfect linear relationship and zero implies no relationship exists. This presentation allows you to compare the performance history of Copeland's strategies with its benchmark. Total return is calculated assuming reinvestment of all dividends. For performance numbers current to the most recent month-end, please contact us at 484-351-3700. Please refer to the Disclosures for additional information and Net Performance.

**The data quoted in the charts above represents past performance and does not indicate future returns.** Returns for periods of greater than one year are annualized. Gross returns include transaction costs, but do not reflect the deduction of investment advisory fees. A client's return will be reduced by the advisory fees and any other expenses it may incur in the management of its investment advisory account. Copeland's management fees are described herein and in Copeland's ADV Part 2A. After-tax results will vary from the returns presented here for those accounts subject to taxation. Performance results of the composite are based on U.S. dollar returns. Please refer to the Disclosure sections for additional information and Net Performance. **Due to methodology differences in calculating performance, Morningstar performance numbers may vary slightly from other providers.** © 2022 Morningstar, Inc. This presentation allows you to compare the performance history of Copeland's strategies with its benchmark. Total return is calculated assuming reinvestment of all dividends. For performance numbers current to the most recent month-end, please contact us at 484-351-3700.

### **Mark Giovanniello, CFA – Chief Investment Officer, Portfolio Manager**

Mr. Giovanniello is the Chief Investment Officer of Copeland Capital Management, a Principal and member of the Firm's Management Committee. Prior to joining Copeland in 2009, Mark was the lead portfolio manager for the Mid Cap strategy at Rorer Asset Management. Prior to Rorer, he spent six years at The Colony Group as a portfolio manager and Director of Research. Earlier in his career, Mark was a senior associate at Pricewaterhouse Coopers, where he earned his CPA. Mark holds a BS degree from the Carroll School of Management at Boston College. He also holds the Chartered Financial Analyst (CFA®) designation and is a member of the Philadelphia Security Analyst Society.

### **Eric Brown, CFA – Founder, Chief Executive Officer, Portfolio Manager**

Mr. Brown is the Founder and CEO of Copeland Capital Management. While founding Copeland, he developed a proprietary fundamental model to best evaluate dividend growth stocks. Prior to Copeland, Eric was a Senior Portfolio Manager with The Colony Group. He previously served as a Portfolio Manager with Bingham Legg Advisors. Earlier in his career, Mr. Brown worked in the municipal bond area at Bear Stearns & Company. Eric holds a BA in Political Science from Trinity College in Hartford, CT. He also holds the Chartered Financial Analyst (CFA®) designation. He is a member of the Boston Security Analysts Society and the American Mensa Society.

### **David McGonigle, CFA – Portfolio Manager**

Mr. McGonigle is a Portfolio Manager and a Principal at Copeland Capital Management. Prior to joining Copeland in 2009, Dave spent ten years with Rorer Asset Management as a portfolio manager and analyst. Before Rorer, Dave was an Analyst at CapitalOne Financial Corp. He holds a BS in Business Administration, with a finance concentration, from the E. Claiborne Robins School of Business at the University of Richmond. Dave holds the Chartered Financial Analyst (CFA®) designation and is a member of the CFA Society of Philadelphia.

### **Jeffrey Walkenhorst, CFA – Portfolio Manager**

Mr. Walkenhorst is a Portfolio Manager and a Principal at Copeland Capital Management. Prior to joining Copeland in 2011, Jeff was a Senior Analyst at The Research Board, an international think tank. Previously, Jeff was an Equity Research Analyst with Banc of America Securities and was on an Institutional Investor All-America Research Team. Prior to BAS, Jeff was engaged in strategic planning, and M&A, roles in the telecom and technology sectors. Jeff began his career in the Investment Banking Group at Prudential Securities. Jeff holds a BA degree in Economics from Stanford University. He also holds the Chartered Financial Analyst (CFA®) designation and is a member of the New York Society of Security Analysts.

### **John Cummings, CFA – Portfolio Manager**

Mr. Cummings is a Portfolio Manager and a Principal at Copeland Capital Management. His primary responsibilities include coverage of the Industrials sector and helping to optimize Copeland's quantitative methodologies. Prior to joining Copeland in August 2014, John worked as a summer equity research analyst for Credit Suisse covering the consumer internet sector. Before that, John worked for Copeland Capital as a summer research analyst. During this time, he helped analyze and improve Copeland's quantitative screening methodologies. John holds a BA degree in both Mathematics and Economics with high honors from Haverford College. He also holds the Chartered Financial Analyst (CFA®) designation and is a member of the CFA Society of Philadelphia.

### **Erik Granade, CFA – Head of International Equities, Portfolio Manager**

Mr. Granade is the Head of International Equities at Copeland Capital Management. He is a Principal and a member of the Firm's Management Committee. Prior to joining Copeland Capital Management in 2012, Erik was Chief Investment Officer and Portfolio Manager for Invesco's global equity team. While at Invesco, he had overall responsibility for the team's international equity, global equity, and emerging market equity strategies. Prior to joining Invesco, he was Head of International Equities at Cashman, Farrell & Associates in Philadelphia. Preceding that, Erik worked at PNC Bank as a Senior International Equity Manager for Provident Capital Management. Erik received his BA in economics from Trinity College in Hartford, CT and holds the Chartered Financial Analyst (CFA®) and Chartered Investment Counselor designations. He is a member of the CFA Institute and the CFA Society of Atlanta.

### **Kenneth T. Lee, MBA – Portfolio Manager**

Mr. Lee is a Portfolio Manager and a Principal at Copeland Capital Management. Prior to joining Copeland in 2013, Ken was Portfolio Manager at Mercury Partners in Greenwich, CT. Ken managed Mercury's Asia Special Situations Fund. Prior to Mercury, Ken was a Vice President at Deutsche Bank and an Associate at Wachovia Securities where he focused on M&A in their Real Estate, Lodging & Gaming Investment Banking Group. Previously, Ken was a management consultant at McKinsey & Company where he specialized in corporate restructuring and turnarounds for Asian and European clients across various sectors. Ken holds a Master of Business Administration from Harvard Business School and a BA in Economic History from Dartmouth College.

### **Willard Kwak, CFA – Research Analyst**

Mr. Kwak is a Research Analyst and a Principal at Copeland Capital Management. His primary responsibilities include conducting fundamental research across all sectors and optimizing Copeland's quantitative methodologies. Prior to joining Copeland in 2017, Willard performed research at the University of Chicago Department of Economics, developing data analytics and mining skills, working with various programming languages. Willard participated in the Research Experience as Undergraduate (REU) for mathematics, studying number theory. Willard holds a BS in Mathematics and BA in Economics from the University of Chicago. He also holds the Chartered Financial Analyst (CFA®) designation.

### **Jonathan Honda - Research Analyst**

Mr. Honda is a Research Analyst and a Principal at Copeland Capital Management. Prior to joining Copeland in February 2020, Jon worked as a Research Associate at the Capital Group in Los Angeles, CA. At Capital, he was responsible for covering US autos, aerospace and defense, capital goods, electrical equipment, machinery, and multi-industry companies. Prior to Capital, Jon was an Investment Professional at Interlaced Investment Advisors in Honolulu, HI where he conducted fundamental research across all sectors on the domestic team. Jon holds a BBA from the University of Hawaii where he majored in Finance and minored in Economics.

### **Ryan Buckley, CFA – Research Analyst**

Mr. Buckley is a Research Analyst at Copeland Capital Management. His primary responsibilities include providing fundamental research coverage across the Consumer Staples and Materials sectors for the international team. Prior to joining Copeland in May 2023, Ryan worked as an Investment Analyst at Invesco in Atlanta, GA covering the U.S. as a generalist for a global growth mandate. Prior to Invesco, Ryan was an Equity Research Associate at Manning & Napier Advisors in Fairport, NY where he performed global fundamental research across Energy, Materials, Industrials, and Financials sectors. Ryan holds a BS from Houghton University where he majored in Business Administration and minored in Financial Analysis with concentrations in Economics, Finance, and Management. He also holds the Chartered Financial Analyst (CFA®) designation.

### **Hari Manikandan, CFA - Research Associate**

Mr. Manikandan is a Research Associate at Copeland Capital Management. Prior to joining Copeland in May 2025, Hari worked as a Senior Research Associate at Sands Capital in Arlington, VA covering global industrial and consumer equities. Hari holds a BSBA from Georgetown University where he majored in Finance at the McDonough School of Business. He also holds the Chartered Financial Analyst (CFA®) designation.

Copeland Capital Management, LLC (CCM), a 100% employee-owned registered investment adviser, provides innovative dividend growth solutions to its clients. CCM claims compliance with the Global Investment Performance Standards (GIPS®) and has prepared and presented this report in compliance with the GIPS standards. CCM has been independently verified for the periods January 1, 2006 through March 31, 2024 by Kreischer Miller. A firm that claims compliance with the GIPS standards must establish policies and procedures for complying with all the applicable requirements of the GIPS standards. Verification provides assurance on whether the firm’s policies and procedures related to composite and pooled fund maintenance, as well as the calculation, presentation, and distribution of performance, have been designed in compliance with the GIPS standards and have been implemented on a firm-wide basis. The Global Small Cap Dividend Growth Composite has had a performance examination for the periods January 1, 2017 through March 31, 2023. The verification and performance examination reports are available upon request. The composite creation and inception date is January 1, 2017. GIPS® is a registered trademark of CFA Institute. CFA Institute does not endorse or promote this organization, nor does it warrant the accuracy or quality of the content contained herein.

The Global Small Cap Dividend Growth Composite represents Copeland’s Global Small Cap Dividend Growth Strategy, which builds on the firm’s existing domestic and international dividend growth strategies. CCM uses proprietary quantitative models to screen domestic and international small cap equities to identify those demonstrating strong cash flow and dividend growth for inclusion in a portfolio of approximately 100 stocks. Net returns reflect the deduction of CCM’s model fee of 1.40%, the highest fee charged for a Composite account and transaction costs. Computations of grossd and net returns both assume the reinvestment of dividends, interest, and capital gains. Gross returns include transaction costs but do not include CCM’s management fees. Accounts are added to the composite in their first full calendar month after being invested in this style with CCM. Terminated accounts are removed from this composite after the final full month under CCM’s management. A list of composite descriptions, a list of limited distribution pooled fund descriptions, and a list of broad distribution pooled funds are available upon request. Additional information regarding CCM’s policies and procedures for valuing portfolios calculating performance and preparing GIPS composite reports are available upon request. Past performance is not indicative of future performance. Performance results of the Composite are based on U.S. dollar returns.

Annualized Performance – Period Ending June 30, 2025			
Period	Gross-of-Fee	Net-of-Fee	MSCI World Small Cap Net Index
One Year	7.3%	5.8%	14.5%
Five Years	10.8%	9.2%	11.0%
Since Inception (1/1/2017)	10.9%	9.3%	8.2%

Annual or Most Recent Quarter	# of Portfolios	Internal Dispersion <sup>(c)</sup>	Three Year Ex-Post Standard Deviation <sup>(b)</sup>	Three Year Ex-Post Standard Deviation <sup>(b)</sup>	Composite Market Value (in millions)	Total Firm Assets (in millions)	Annual Performance		
			Composite	Index			Gross-of-Fees	Net-of-Fees	MSCI World Small Cap Net Index <sup>(a)</sup>
2025 YTD	1	N/A	18.1%	18.4%	\$0.5	\$4,364.9	5.4%	4.7%	7.4%
2024	1	N/A	19.6%	19.8%	\$0.4	\$4,947.7	2.3%	0.9%	8.2%
2023	1	N/A	18.9%	18.9%	\$0.4	\$4,835.5	17.2%	15.6%	15.8%
2022	1	N/A	21.4%	24.1%	\$0.4	\$3,597.3	-17.2%	-18.4%	-18.8%
2021	1	N/A	17.1	21.4	0.5	3,969.0	27.3	25.5	15.8
2020	1	N/A	18.3	22.8	0.3	2,635.0	15.5	13.9	16.0
2019	1	N/A	11.3	12.9	0.3	2,423.5	33.6	31.7	26.2
2018	1	N/A	N/A	N/A	0.3	1,677.0	-6.6	-7.9	-13.9
2017	1	N/A	N/A	N/A	0.3	1,907.6	25.1	23.4	22.7

**Footnotes:**

a. The MSCI World Small Cap Net Index captures small cap representation across 23 Developed Markets (DM) countries. With 4,316 constituents, the Index covers approximately 14% of the free float-adjusted market capitalization in each country. The index is designed to provide a broad measure of stock performance net of foreign dividend withholdings throughout the developed world. The strategy differs from the composition of the Index, which is unmanaged, and the index returns do not reflect any fees, expenses or sales charges. You cannot invest directly in an Index. b. The Three-Year annualized standard deviation measures the variability of the gross-of-fee Composite and the benchmark returns over the preceding 36-month period. Ex-post calculations are not presented for periods less than 36 months. c. Internal Dispersion is calculated using the asset-weighted standard deviation of gross-of-fees returns of all portfolios that were included in the composite for the entire year. With fewer than five accounts in the composite, a measure of dispersion is not applicable. d. Gross-of-fee calculation is based on net dividend after foreign dividend tax withholding.

CCM’s standard advisory fee schedule for Global Small Cap Dividend Growth Strategy is as follows: 1.40% on the first \$5 million of assets, 1.30% on the next \$5 million of assets and 1.20% above \$10 million of assets. This standard fee schedule is subject to change at the firm’s discretion.

**Performance Disclosure:** The data quoted in this presentation represents past performance and does not indicate future returns. Returns for periods of greater than one year are annualized. Gross returns include transaction costs, but do not reflect the deduction of investment advisory fees. This presentation is intended as a one-on-one presentation and performance is reported gross of advisory fees. Client returns will be reduced by advisory fees and other expenses the client may incur. Copeland’s management fees are described herein and in Copeland’s ADV Part 2A. Total return is calculated assuming reinvestment of all dividends, interest and capital gains. After-tax results will vary from the returns presented here for those accounts subject to taxation. Performance results of the composite are based on U.S. dollar returns. Performance is presented gross-of-fees. Client returns will be reduced by advisory and other expenses the client may incur. As an example, the effect of investment management fees on the total value of a client’s portfolio assuming (a) quarterly fee assessment, (b) \$1,000,000 investment, (c) portfolio return of 8% a year, (d) 1% annual investment advisory fee would be \$10,416 in the first year, and cumulative effects of \$59,816 over five years and \$143,430 over 10 years. **GIPS Compliance Standards:** Ethical standards to be used by investment managers for creating performance presentations that ensure fair representation and full disclosure of investment performance results. Global Investment Professional Standards were created by the Chartered Financial Analyst Institute and governed by the GIPS Executive Committee. They are standardized guidelines for reporting the ability of an investment firm to make profits for investors. Verification reports can be obtained by calling 484-351-3700 and requesting a copy. Copeland Capital Management claims compliance with the Global Investment Performance Standards (GIPS®). To receive a list of composite descriptions of Copeland Capital Management and/or a presentation that complies with the GIPS standards, contact us at 484-351-3700 to request a copy. **Small Capitalization Risk:** The value of small capitalization company securities may be subject to more abrupt or erratic market movements than those of larger, more established companies or the market averages in general. **Market Risk:** Overall securities market risks may affect the value of individual securities in which the Copeland strategies invest. Factors such as foreign and domestic economic growth and market conditions, interest rate levels, and political events affect the securities markets. **Dividend Cuts Risk:** The risk that companies may cut or eliminate their dividends or pay dividends in stock rather than cash causing investors to sell the stocks and the price to fall. **Forward-looking Statements:** Some of the information in this document may contain projections or other forward-looking statements regarding future events or future financial performance of countries, markets or companies. These statements are only predictions and actual events or results may differ materially. The reader must make his/her own assessment of the relevance, accuracy and adequacy of the information contained in this document, and make such independent investigations as he/she may consider necessary or appropriate for the purpose of such assessment.
