FUND SUMMARY: COPELAND DIVIDEND GROWTH FUND(formerly, “Copeland Risk Managed Dividend Growth Fund”)

Investment Objectives: The Fund seeks long-term capital appreciation and income generation.

Fees and Expenses of the Fund: This table describes the fees and expenses that you may pay if you buy, hold and sell shares of the Fund. You may pay fees, such as brokerage commissions and other fees to financial intermediaries which are not reflected in the tables and examples below. You may qualify for sales charge discounts on purchases of Class A shares if you and your family invest, or agree to invest in the future, at least \$50,000 in the Fund. More information about these and other discounts is available from your financial professional or in **How to Purchase Shares** on page 11 of this Prospectus, in **Appendix A: Financial Intermediary Sales Charter Variations** on page A-1 of this Prospectus and in **Purchase, Redemption and Pricing of Shares** on page 61 of the Fund’s Statement of Additional Information (“SAI”).

Shareholder Fees (fees paid directly from your investment)	Class A	Class C	Class I
Maximum Sales Charge (Load) Imposed on Purchases (as a % of offering price)	5.75%	None	None
Maximum Deferred Sales Charge (Load) (as a % of original purchase price)	1.00% ⁽¹⁾	None	None
Redemption Fee (as a % of amount redeemed if held less than 30 days) (\$15 fee for any redemption paid by wire transfer)	1.00%	1.00%	1.00%
Annual Fund Operating Expenses (expenses that you pay each year as a percentage of the value of your investment)			
Management Fees ⁽²⁾	0.75%	0.75%	0.75%
Distribution and/or Service (12b-1) Fees	0.25%	1.00%	0.00%
Other Expenses	0.88%	0.88%	0.88%
Shareholder Servicing Fee	0.00%	0.00%	0.10%
Total Other Expenses	0.88%	0.88%	0.98%
Total Annual Fund Operating Expenses	1.88%	2.63%	1.73%
Fee Waiver and/or Expense Reimbursement ⁽³⁾⁽⁴⁾	<u>0.68%</u>	<u>0.68%</u>	<u>0.68%</u>
Total Annual Fund Operating Expenses After Fee Waiver and/or Expense Reimbursement ⁽⁴⁾	1.20%	1.95%	1.05%

- (1) Maximum Deferred Sales Charge (load) may be charged only on shares redeemed within the first 18 months after their purchase.
- (2) Restated to reflect the decrease in the management fee from 1.00% to 0.75% effective on November 16, 2020.
- (3) Restated to reflect the decrease in the expense caps effective on November 16, 2020 The Fund’s adviser has contractually agreed to waive its fees and/or absorb expenses of the Fund, until at least March 31, 2022, to ensure that total annual fund operating expenses after fee waiver and/or expense reimbursement (exclusive of any taxes, leverage interest, borrowing interest, brokerage commissions, expenses incurred in connection with any merger or reorganization, dividend expense on securities sold short, acquired fund fees and expenses or extraordinary expenses such as litigation) will not exceed 1.20% of the daily average net asset value of Class A shares, 1.95% of the daily average net asset value of Class C shares and 1.05% of the daily average net asset value of Class I shares; subject to possible recoupment from the Fund in future years on a rolling three year basis (within the three years after the fees have been waived or reimbursed) if such recoupment can be achieved without exceeding the lesser of the expense limitation in effect at the time of the waiver/expense reimbursement and the expense limitation in effect at the time of the repayment. This agreement may be terminated by the Fund’s Board of Trustees on 60 days’ written notice to the adviser.
- (4) The Fee Waiver and/or Expense Reimbursement and the Total Annual Fund Operating Expenses After Fee Waiver and/or Expense Reimbursement have been restated and differ from the ratios of net expenses to average net assets given in the Fund’s annual report, which does not reflect the current expenses of the Fund.

Example: This Example is intended to help you compare the cost of investing in the Fund with the cost of investing in other mutual funds.

The Example assumes that you invest \$10,000 in the Fund for the time periods indicated and then redeem all of your shares at the end of those periods. The Example also assumes that your investment has a 5% return each year and that the Fund’s operating expenses remain the same taking into account the fee waiver in the first year of each period. Although your actual costs may be higher or lower, based upon these assumptions your costs would be:

<u>Class</u>	<u>1 Year</u>	<u>3 Years</u>	<u>5 Years</u>	<u>10 Years</u>
Class A	\$790	\$1,070	\$1,473	\$2,597
Class C	\$198	\$753	\$1,335	\$2,913
Class I	\$107	\$479	\$875	\$1,984

Portfolio Turnover: The Fund pays transaction costs, such as commissions, when it buys and sells securities (or “turns over” its portfolio). A higher portfolio turnover may indicate higher transaction costs and may result in higher taxes when Fund shares are held in a taxable account. These costs, which are not reflected in annual fund operating expenses or in the Example, affect the Fund’s performance. During the fiscal year ended November 30, 2020, the Fund’s portfolio turnover rate was 170% of the average value of its portfolio.

Principal Investment Strategies: The Fund seeks to achieve its investment objectives of producing long-term capital appreciation and income generation, by applying its fundamental stock selection to purchase equities of companies with a proven track record of dividend growth. The Fund is primarily composed of common stocks, master limited partnership units (“MLPs”) and equity real estate investment trusts (“REITs”) of U.S. companies or entities that have raised their dividends for a minimum of five consecutive years and cash equivalents. The Fund will limit its investment in MLPs to no more than 25% of its net assets. An equity REIT invests the majority of its assets directly in real property and derives its income primarily from rents and from capital gains on real estate appreciation, which are realized through property sales.

Under normal market conditions, the Fund invests at least 80% of its net assets (including borrowings for investment purposes) in securities that have increased their dividend for a minimum of five consecutive years. The Fund further manages risk through its diversification strategy of allocating generally no more than 5% to a single equity security, measured at time of purchase. The Fund in general invests in companies with a market capitalization of at least \$250 million, upon purchase. All portfolio securities must be traded on a U.S. stock exchange.

The adviser sells securities when they fail to raise their dividend or no longer meet its fundamental stock selection criteria. The adviser may engage in active and frequent trading to meet the Fund’s investment objectives.

Principal Investment Risks: *As with all mutual funds, there is the risk that you could lose money through your investment in the Fund. Many factors affect the Fund’s net asset value and performance. Each risk summarized below is considered a “principal risk” of investing in the Fund, regardless of the order in which it appears. Different risks may be more significant at different times depending on market conditions and other factors.*

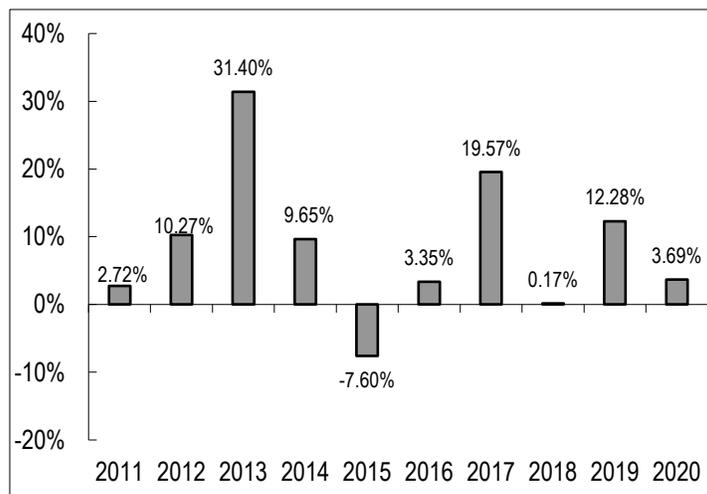

- **Dividend-Paying Stock Risk:** The Fund’s emphasis on dividend-paying stocks could cause the Fund to underperform similar funds that invest without consideration of a company’s track record of paying dividends. Stocks of companies with a history of paying dividends may not participate in a broad market advance to the same degree as most other stocks, and a sharp rise in interest rates or economic downturn could cause a company to unexpectedly reduce or eliminate its dividend. If the amount a company pays out as a dividend exceeds its earnings and profits, the excess will be treated as a return of capital and the Fund’s tax basis in the stock will be reduced. A reduction in the Fund’s tax basis in such stock will increase the amount of gain (or decrease the amount of loss) recognized by the Fund on a subsequent sale of the stock.
- **Issuer-Specific Risk:** The value of a specific security can be more volatile than the market as a whole and may perform worse than the market as a whole.
- **Management Risk:** The adviser’s dependence on its dividend growth strategy and judgments about the attractiveness, value and potential appreciation of particular securities in which the Fund invests may prove incorrect and may not produce the desired results.
- **Market Risk:** Overall securities market risks may affect the value of individual securities in which the Fund invests. Factors such as foreign and domestic economic growth and market conditions, interest rate levels, political events affect the securities markets. Natural disasters, public health emergencies (including pandemics and epidemics), terrorism and other unforeseeable events that adversely affect individual companies, industries, and/or segments of the market, may lead to instability in world economies and markets and may have negative long-term effects. The Fund cannot predict the effects of such events on the economy, the markets or the Fund’s investments. For example, the novel strain of coronavirus (COVID-19) outbreak has resulted in serious economic disruptions globally. The impact of this outbreak has negatively affected the worldwide economy, as well as the economies of individual countries, the financial health of individual companies and the market in general in significant and unforeseen ways. The future impact of COVID-19 is currently unknown, and it may exacerbate other risks that apply to the Fund, including political, social and economic risks.

- **MLP Risk:** Holders of MLP units have limited control and voting rights on matters affecting the partnership. In addition, there are certain tax risks associated with an investment in MLP units and conflicts of interest exist between common unit holders and the general partner, including those arising from incentive distribution payments. Additional risks include the following. A decline in commodity prices may lead to a reduction in production or supply of those commodities. The trending excess worldwide oil and gas reserves and production has, and may further, depress the value of investments in energy related MLPs. This trend is causing producers to curtail production and/or reduce capital spending for exploration activities. A decrease in the production of natural gas, natural gas liquids, crude oil, coal or other energy commodities or a decrease in the volume of such commodities available for transportation, mining, processing, storage or distribution may adversely impact the financial performance of MLPs.
- **REIT Risk:** An equity REIT's performance depends on the types and locations of the rental properties it owns and on how well it manages those properties. Real estate values rise and fall in response to a variety of factors, including local, regional and national economic conditions, changes in interest rates and property taxes.
- **Small and Medium Capitalization Risk:** The value of a small or medium capitalization company securities may be subject to more abrupt or erratic market movements than those of larger, more established companies or the market averages in general.
- **Turnover Risk:** A higher portfolio turnover will result in higher transactional and brokerage costs. Active trading of securities may also increase the Fund's realized capital gains or losses, which may increase the taxes you pay as a Fund shareholder and reduces after-tax returns if Fund shares are held in a taxable account.
- **Cyber Security Risk:** Cyber security risk is the risk of an unauthorized breach and access to Fund assets, Fund or customer data (including private shareholder information), or proprietary information, or the risk of an incident occurring that causes the Fund, the adviser, custodian, transfer agent, distributor and other service providers and financial intermediaries to suffer data breaches, data corruption or lose operational functionality or prevent Fund investors from purchasing, redeeming or exchanging shares or receiving distributions. The Fund and its adviser have limited ability to prevent or mitigate cyber security incidents affecting third-party service providers. Successful cyber-attacks or other cyber-failures or events affecting the Fund or its service providers may adversely impact and cause financial losses to the Fund or its shareholders.

Performance: The bar chart and performance table below show the variability of the Fund's returns, which is some indication of the risks of investing in the Fund. The bar chart shows the performance of the Fund's Class A shares for the last ten calendar years. Returns for Class C shares and Class I shares, which are not presented in the bar chart, will vary from the return for the Class A shares to the extent the expenses of such classes differ. The performance table compares the performance of the Fund's Class A, Class C and Class I shares over time to the performance of a broad-based market index. You should be aware that the Fund's past performance (before and after taxes) may not be an indication of how the Fund will perform in the future. Performance reflects expense reimbursements in effect. If expense reimbursements were not in place, the Fund's performance would be reduced. Updated performance information is available at no cost by calling 1-888-9-COPELAND (1-888-926-7352).

Class A Annual Total Return For Years Ended December 31

Returns do not reflect sales charges, and would be lower if they did.

Best Quarter:	12/31/2020	11.75%
Worst Quarter:	3/31/2020	(19.97)%

Performance Table
Average Annual Total Returns
(For periods ended December 31, 2020)

Class A Shares⁽¹⁾	One Year	Five Years	Since Inception of the Class⁽²⁾
Return before taxes	(2.29)%	6.32%	7.44%
Return after taxes on distributions	(2.29)%	4.49%	5.99%
Return after taxes on distributions and sale of Fund shares	(1.36)%	4.67%	5.75%
Class C Shares			
Return before taxes	2.87%	6.76%	7.76%
Class I Shares			
Return before taxes	3.91%	7.75%	7.84%
S&P 500 [®] Index ⁽³⁾	18.40%	15.22%	13.88%
			15.05%
			14.55%
Russell 3000 Index ⁽³⁾	20.89%	15.43%	13.78%
			15.09%
			14.51%

(1) Performance reflects the deduction of the maximum sales charge of 5.75%.

(2) The inception date of the Fund's Class A shares is December 28, 2010. The inception date of the Fund's Class C shares is January 5, 2012. The inception date of the Fund's Class I shares is March 1, 2013.

(3) The S&P 500[®] Index is an unmanaged market capitalization-weighted index of 500 of the largest capitalized U.S. domiciled companies. The Russell 3000 Index measures the performance of the largest 3000 U.S. companies representing approximately 98% of the investable U.S. equity market. Index returns assume reinvestment of dividends. Unlike the Fund's returns, however, they do not reflect any fees or expenses. An investor cannot invest directly in an index. The "Since Inception" performance shown for the S&P 500 Index and Russell 3000 Index utilizes the inception date of each share class, respectively, as shown in note (2) above.

After-tax returns above are shown for Class A shares of the Fund; after-tax returns for the Fund's Class C and Class I shares will vary. After-tax returns are calculated using the highest historical individual federal marginal income tax rate and do not reflect the impact of state and local taxes. Actual after-tax returns depend on a shareholder's tax situation and may differ from those shown. The after-tax returns are not relevant if you hold your Fund shares in tax-deferred arrangements, such as 401(k) plans or individual retirement accounts ("IRA").

MANAGEMENT OF THE FUND

Investment Adviser: Copeland Capital Management, LLC.

Portfolio Managers: Eric C. Brown, Chief Executive Officer of the adviser, and Mark Giovanniello, Chief Investment Officer of the adviser have served the Fund as its portfolio managers since it commenced operations in 2010. Both Mr. Brown and Mr. Giovanniello are jointly and primarily responsible for managing the Fund.

Purchase and Sale of Fund Shares: You may purchase and redeem shares of the Fund on any day that the New York Stock Exchange is open. Redemption requests may be made in writing, by telephone, or through a financial intermediary and will be paid by ACH, check or wire transfer. Use of the Fund's Automatic Investment Plan can lower these requirements. The Fund or their adviser may waive any investment minimum and the investment minimums will be waived for Class I shares purchased through certain brokerage accounts.

Copeland Dividend Growth Fund Minimum Investment				
Class	Initial Regular Accounts	Initial Retirement Accounts	Subsequent Regular Accounts	Subsequent Retirement Accounts
A	\$1,000	\$250	\$500	\$50
C	\$1,000	\$250	\$500	\$50
I	\$25,000	\$25,000	\$500	\$50

Tax Information: Dividends and capital gain distributions you receive from the Fund, whether you reinvest your distributions in additional Fund shares or receive them in cash, are generally taxable to you at either ordinary income or capital gains tax rates unless you are investing through a tax-exempt or tax-deferred plan such as an IRA or 401(k) plan. However, these dividend and capital gain distributions may be taxable as ordinary income upon their eventual withdrawal from tax-deferred plans.

Payments to Broker-Dealers and Other Financial Intermediaries: If you purchase the Fund through a broker-dealer or other financial intermediary (such as a bank), the Fund and their related companies may pay the intermediary for the sale of Fund shares and related services. These payments may create a conflict of interest by influencing the broker-dealer or other intermediary and your salesperson to recommend the Fund over another investment. Ask your salesperson or visit your financial intermediary's website for more information.

ADDITIONAL INFORMATION ABOUT PRINCIPAL INVESTMENT STRATEGIES AND RELATED RISKS

Investment Objectives:

The Copeland Dividend Growth Fund (the “Fund”) seeks long-term capital appreciation and income generation in normal market environments. The Fund’s investment objectives and its 80% dividend growth security policy may be changed without shareholder approval by the Fund’s Board of Trustees upon 60 days written notice to shareholders.

Principal Investment Strategies of the Fund:

The Fund seeks to achieve its investment objectives of producing long-term capital appreciation and income generation by purchasing equity securities of companies with a proven track record of dividend growth. The Fund is primarily composed of common stocks, master limited partnership units (“MLPs”) and equity real estate investment trusts (“REITs”) of U.S. companies or entities that have raised their dividends for a minimum of five consecutive years, and cash equivalents. The Fund will limit its investment in MLPs to no more than 25% of its net assets. An equity REIT invests the majority of its assets directly in real property and derives its income primarily from rents and from capital gains on real estate appreciation, which are realized through property sales. The Fund’s investment approach entails the adviser’s “stock selection” strategy as outlined below.

Under normal market conditions, the Fund invests at least 80% of its net assets (including borrowings for investment purposes) in securities that have increased their dividend for a minimum of five consecutive years. The Fund further manages risk through its diversification strategy of allocating generally no more than 5% to a single equity security, measured at time of purchase. The Fund in general invests in companies with a market capitalization of at least \$250 million, upon purchase. All portfolio securities must be traded on a U.S. stock exchange.

Stock Selection Strategy

The adviser’s proprietary stock selection model ranks all “dividend growers” (U.S. traded stocks, MLPs and REITs that have raised their dividend for a minimum of five consecutive years) using specific fundamental characteristics that the adviser believes are predictive of strong future total returns as well as the sustainability and growth of a company’s dividend. These factors include an assessment of the ability to pay dividends relative to earnings and cash flow, historical sales and dividend growth, the cash flow conversion ratio, earnings momentum, return on capital, dividend yield and other valuation metrics. In addition, the investment team eliminates stocks that violate specific ability-to-pay and payout ratio thresholds.

The adviser selects specific stocks amongst the top-ranked companies with a proven track record of dividend growth. If there are not enough dividend growth securities that pass the adviser’s criteria, securities with fewer than five years of dividend growth may be purchased. These securities would be dividend paying stocks with a track record of dividend growth that are also expected by the adviser to deliver dividend growth in the future. The adviser sells securities when they fail to raise their dividend or no longer meet its fundamental stock selection criteria. The adviser may engage in active and frequent trading to meet the Fund’s investment objectives.

Principal Investment Risks:

All investments carry a certain amount of risk and the Fund cannot guarantee that it will achieve its investment objectives. In addition, the strategies that the adviser uses may fail to produce the intended result. Each risk summarized below is considered a “principal risk” of investing in the Fund, regardless of the order in which it appears.

- *Cyber Security Risk:* With the increased use of technologies such as the internet to conduct business, the Fund is susceptible to operational, information security and related risks. In general, cyber incidents can result from deliberate attacks or unintentional events. Cyber-attacks include, but are not limited to, gaining unauthorized access to digital systems (e.g., through “hacking” or malicious software coding) for purposes of misappropriating assets or sensitive information, corrupting data, or causing operational disruption. Cyber-attacks may also be carried out in a manner that does not require gaining unauthorized access, such as causing denial-of-service attacks on websites (i.e., efforts to make network services unavailable to intended users). Cyber security failures or breaches by the Fund’s adviser and other service providers (including, but not limited to, Fund accountant, custodian, transfer agent and administrator), and the issuers of securities in which the Fund invests, have the ability to cause disruptions and impact business operations, potentially resulting in financial losses, interference with the Fund’s ability to calculate its net asset value, impediments to trading, the inability of Fund shareholders to transact business, violations of applicable privacy and other laws, regulatory fines, penalties, reputational damage, reimbursement or other compensation costs, or additional compliance costs. In addition, substantial costs may be incurred in order to prevent any cyber incidents in the future. While the adviser has established business continuity plans in the event of, and risk management systems to prevent, such cyber-attacks, there are inherent limitations in such plans and systems including the possibility that certain risks have not been identified. Furthermore, the Fund cannot control the cyber security plans and systems put in place by service providers to the Fund and issuers in which the Fund invests. The Fund and its shareholders could be negatively impacted as a result.

- *Dividend-Paying Stock Risk:* The Fund's emphasis on dividend-paying stocks could cause the Fund to underperform similar funds that invest without consideration of a company's track record of paying dividends. Stocks of companies with a history of paying dividends may not participate in a broad market advance to the same degree as most other stocks, and a sharp rise in interest rates or economic downturn could cause a company to unexpectedly reduce or eliminate its dividend. If the amount a company pays out as a dividend exceeds its earnings and profits, the excess will be treated as a return of capital and the Fund's tax basis in the stock will be reduced. A reduction in the Fund's tax basis in such stock will increase the amount of gain (or decrease the amount of loss) recognized by the Fund on a subsequent sale of the stock.
- *Issuer-Specific Risk:* The value of a specific security can be more volatile than the market as a whole and can perform differently from the market as a whole. The value of securities of smaller sized issuers can be more volatile than that of larger issuers. The value of certain types of securities can be more volatile due to increased sensitivity to adverse issuer, political, regulatory, market, or economic developments.
- *Management Risk:* The net asset value of the Fund changes daily based on the performance of the securities in which it invests. The ability of the Fund to meet its investment objectives is directly related to the adviser's stock selection using its dividend grower strategy. The adviser's objective judgments, based on investment strategies, about the attractiveness and potential appreciation of particular investments in which the Fund invests may prove incorrect and there is no guarantee that the adviser's investment strategies will produce the desired results.
- *Market Risk:* The net asset value of the Fund will fluctuate based on changes in the value of the securities in which the Fund invests. The Fund invests in securities that may be more volatile and carry more risk than some other forms of investment. The price of securities may rise or fall because of economic or political changes. Natural disasters, public health emergencies (including pandemics and epidemics), terrorism and other unforeseeable events that adversely affect individual companies, industries, and/or segments of the market, may lead to instability in world economies and markets and may have negative long-term effects. The Fund cannot predict the effects of such events on the economy, the markets or the Fund's investments. For example, the novel strain of coronavirus (COVID-19) outbreak has resulted in serious economic disruptions globally. The impact of this outbreak has negatively affected the worldwide economy, as well as the economies of individual countries, the financial health of individual companies and the market in general in significant and unforeseen ways. The future impact of COVID-19 is currently unknown, and it may exacerbate other risks that apply to the Fund, including political, social and economic risks. Security prices, in general, may decline over short or even extended periods of time. Market prices of securities in broad market segments may be adversely affected by a prominent issuer having experienced losses or by the lack of earnings or such an issuer's failure to meet the market's expectations with respect to new products or services, or even by factors wholly unrelated to the value or condition of the issuer, such as changes in interest rates.
- *MLP Risk:* An investment in MLP units involves certain risks which differ from an investment in the securities of a corporation. Holders of MLP units have limited control and voting rights on matters affecting the partnership. In addition, there are certain tax risks associated with an investment in MLP units and conflicts of interest exist between common unit holders and the general partner, including those arising from incentive distribution payments. As a partnership, an MLP has no tax liability at the entity level. If, as a result of a change in current law or a change in an MLP's business, an MLP were treated as a corporation for federal income tax purposes, such MLP would be obligated to pay federal income tax on its income at the corporate tax rate. If an MLP were classified as a corporation for federal income tax purposes, the amount of cash available for distribution by the MLP would be reduced and distributions received by investors would be taxed under federal income tax laws applicable to corporate dividends (as dividend income, return of capital, or capital gain). Therefore, treatment of an MLP as a corporation for federal income tax purposes would result in a reduction in the after-tax return to investors, likely causing a reduction in the value of Fund shares.

Additional risks include the following. A decline in commodity prices may lead to a reduction in production or supply of those commodities. A decrease in the production of natural gas, natural gas liquids, crude oil, coal or other energy commodities or a decrease in the volume of such commodities available for transportation, mining, processing, storage or distribution may adversely impact the financial performance of MLPs. To maintain or grow their revenues, these companies need to maintain or expand their reserves through exploration of new sources of supply, through the development of existing sources, through acquisitions, or through long-term contracts to acquire reserves. The financial performance of MLPs may be adversely affected if they, or the companies to whom they provide the service, are unable to cost-effectively acquire additional reserves sufficient to replace the natural decline.

Various governmental authorities have the power to enforce compliance with regulations and the permits issued under them, and violators are subject to administrative, civil and criminal penalties, including civil fines, injunctions or both. Stricter laws, regulations or enforcement policies could be enacted in the future which would likely increase compliance costs and may adversely affect the financial performance of MLPs. Volatility of commodity prices, which may lead to a reduction in production or supply, may also negatively impact the performance of MLPs.

MLPs are also subject to risks that are specific to the industry they serve. MLPs that provide crude oil, refined product, natural gas liquids and natural gas services are subject to supply and demand fluctuations in the markets they serve which will be impacted by a wide range of factors, including fluctuating commodity prices, weather, increased conservation or use of alternative fuel sources, increased governmental or environmental regulation, depletion, rising interest rates, declines in domestic or foreign production, accidents or catastrophic events, and economic conditions, among others. The trending excess worldwide oil and gas reserves and production has, and may further, depress the value of investments in energy related MLPs. This trend is causing producers to curtail production and/or reduce capital spending for exploration activities.

- **REIT Risk:** An REIT's equity performance depends on the types and locations of the rental properties it owns and on how well it manages those properties. Real estate values rise and fall in response to a variety of factors, including local, regional and national economic conditions, changes in interest rates and property taxes. When economic growth is slow, demand for property decreases and prices tend to decline. Property values tend to decrease because of overbuilding, increases in property taxes or interest rates and operating expenses, changes in zoning laws, environmental regulations or hazards, uninsured casualty or condemnation losses, or a general decline in neighborhood values. A decline in rental income will occur because of extended vacancies, increased competition from other properties, tenants' failure to pay rent or poor management. A REIT's performance also depends on the company's ability to finance property purchases and renovations and manage its cash flows. Because REITs typically are invested in a limited number of projects or in a particular market segment, they are more susceptible to adverse developments affecting a single project or market segment than more broadly diversified investments. An entity that fails to qualify as a REIT would be subject to a corporate level tax, would not be entitled to a deduction for dividends paid to its shareholders and would not pass through to its shareholders the character of income earned by the entity.
- **Small and Medium Capitalization Stock Risk:** The value of a small or medium capitalization company securities may be subject to more abrupt or erratic market movements than those of larger, more established companies or the market averages in general. These companies may have narrower markets, limited product lines, fewer financial resources, and they may be dependent on a limited management group. Investing in lesser-known, small and medium capitalization companies involves greater risk of volatility of the Fund's net asset value than is customarily associated with larger, more established companies. Often small and medium capitalization companies and the industries in which they are focused are still evolving and, while this may offer better growth potential than larger, more established companies, it also may make them more sensitive to changing market conditions.
- **Turnover Risk:** A higher portfolio turnover may result in higher transactional and brokerage costs associated with the turnover which may reduce the Fund's return, unless the securities traded can be bought and sold without corresponding commission costs. Active trading of securities may also increase the Fund's realized capital gains or losses, which may increase the taxes you pay as a Fund shareholder if Fund shares are held in a taxable account.

Temporary Defensive Investments: The Fund may, from time to time, take temporary defensive positions that are inconsistent with its principal investment strategy in response to adverse market economic, political or other conditions. Such investments may include, for example, cash and cash equivalents, short-term ETFs and investment grade bonds. Cash equivalents include, but are not limited to: shares of money market mutual funds, commercial paper, certificates of deposit, bankers' acceptances, U.S. Government securities, and repurchase agreements. While the Fund is in a defensive position, the Fund may not achieve its investment objectives of capital appreciation and income generation. A defensive position, taken at the wrong time, may have an adverse impact on the Fund's performance. Furthermore, to the extent that the Fund invests in money market mutual funds for cash equivalent positions or short-term ETFs, there will be some duplication of expenses because the Fund pays its pro-rata portion of such funds' advisory fees and operational fees. Shares of ETFs have many of the same risks as direct investments in the underlying securities they invest in, although the lack of liquidity may make ETFs more volatile. In addition, ETFs do not necessarily trade at the net asset value of their underlying securities, which means that these funds could potentially trade above or below the value of their underlying funds and may result in a loss and are subject to trading and commission costs. The Fund may also invest a substantial portion of its assets in such instruments at any time to maintain liquidity or pending selection of investments in accordance with its policies.

Portfolio Holdings Disclosure: Within thirty days after the end of each quarter, the adviser posts on the Fund's website at www.CopelandFunds.com a profile of the Fund which typically includes the Fund's top ten holdings current as of the quarter end. The Fund may choose to make available, no sooner than thirty days after the end of each quarter, a complete schedule of its portfolio holdings as of the last day of the month. Such information shall remain available on the website until the Fund files its report on Form N-PORT for the last month of the Fund's first or third fiscal quarters or shareholder report that includes such period. The Fund may terminate or modify this policy at any time without further notice.

A description of the Fund's policies regarding the release of portfolio holdings information is available in the Fund's Statement of Additional Information, which can be obtained at no charge by calling 1-888-9-COPELAND (1-888-926-7352) and can also be found on the Fund's website at www.CopelandFunds.com. Shareholders may request portfolio holdings schedules at no charge by calling 1-888-9-COPELAND.

MANAGEMENT

Investment Adviser: Copeland Capital Management, LLC (“Copeland”), located at 161 Washington Street, Suite 1325, Conshohocken, PA 19428, serves as investment adviser to the Fund. Subject to the authority of the Board of Trustees, the adviser is responsible for management of the Fund’s investment portfolio. The adviser is responsible for selecting the Fund’s investments according to the Fund’s investment objectives, policies and restrictions. The adviser was formed in July 2005 to provide investment advisory services, with a focus on dividend paying equity securities, to individual investors and more recently, institutional investors such as the Fund. As of December 31, 2020, the adviser had \$2.6 billion in assets under management.

Pursuant to an advisory agreement between the Fund and the adviser, the adviser is entitled to receive, on a monthly basis, an annual advisory fee equal to 0.75% of the Fund’s average daily net assets. The Fund’s adviser has contractually agreed to reduce its fees and/or absorb expenses of the Fund, until at least March 31, 2022, to ensure that total annual fund operating expenses after fee deferral and/or reimbursement (exclusive of any taxes, leverage interest, borrowing interest, brokerage commissions, expenses incurred in connection with any merger or reorganization, dividend expense on securities sold short, acquired fund fees and expenses or extraordinary expenses such as litigation) will not exceed 1.20%, 1.95% and 1.05% of the Fund’s daily average net asset value of Class A, Class C and Class I shares, respectively; each subject to possible recoupment in future years on a rolling three year basis (within the three years after the fees have been waived or reimbursed, if such recoupment can be achieved without exceeding the lesser of the expense limitation in effect at the time of the waiver/expense reimbursement and the expense limitation in effect at the time of the repayment. Fee waiver and reimbursement arrangements can decrease the Fund’s expenses and boost its performance. A discussion regarding the basis for the Board of Trustees’ approval of the continuation of the advisory agreement is available in the Fund’s semi-annual shareholder report dated May 31, 2020. A discussion regarding the basis for the Board of Trustees’ approval of the amendment to the advisory agreement is available in the Fund’s annual report dated the November 30, 2020. During the fiscal year ended November 30, 2020, the Fund paid an aggregate of 0.29% of its average net assets in advisory fees to the Adviser (after fee waivers).

The Portfolio Managers of the Fund:

Eric C. Brown ***Chief Executive Officer***

Mr. Brown, who has served as Chief Executive Officer of the adviser since its formation in July, 2005, is a member of the investment policy committee and the management committee of the adviser. Additionally, Mr. Brown is a partner and has served as portfolio manager for accounts managed using the traditional Copeland Dividend Growth Strategy since December of 2005. Prior to forming Copeland Capital Management, LLC, Mr. Brown was a Senior Portfolio Manager with The Colony Group LLC in Boston, MA. Mr. Brown served as a member of that firm’s Investment Policy Committee, responsible for setting overall investment strategy. While at the Colony Group, Mr. Brown helped develop a proprietary quantitative equity screening model for use in constructing client portfolios. Prior to joining The Colony Group, Mr. Brown was a Portfolio Manager with Bingham Legg Advisors in Boston, MA. Mr. Brown previously worked in municipal bond sales and trading at Bear Stearns & Company, Inc. Mr. Brown received his B.A. from Trinity College in Hartford CT and holds the Chartered Financial Analyst (CFA®) designation. He is a member of the CFA Institute, the Boston Security Analysts Society and the American Mensa Society.

Mark W. Giovanniello ***Chief Investment Officer***

Mr. Giovanniello is a member of the investment policy committee and the management committee of the adviser. He is also the Chief Investment Officer at Copeland, a partner at the firm and portfolio manager of the Small Cap, Mid Cap and Smid Cap Dividend Growth strategies. Prior to joining Copeland in August 2009, Mr. Giovanniello was a portfolio manager at Rorer Asset Management where he was the lead portfolio manager for the mid cap strategy. Before joining Rorer, Mr. Giovanniello spent six years at The Colony Group, an investment advisor based in Boston, Massachusetts. At The Colony Group he was the lead manager of the firm’s mid-cap strategy and the Director of Research. In addition, he covered stocks in health care and industrials sectors, supporting the firm’s large-cap, mid-cap and small-cap strategies. Mr. Giovanniello previously was a senior associate at the public accounting firm PricewaterhouseCoopers. He received his B.S. from Boston College and holds the Chartered Financial Analyst (CFA®) designation.

The Fund’s Statement of Additional Information provides additional information about the portfolio managers’ compensation structure, other accounts managed by the portfolio managers, and each portfolio manager’s ownership of shares of the Fund.

HOW SHARES ARE PRICED

The net asset value ("NAV") and offering price (NAV plus any applicable sales charges) of each class of shares is determined at 4:00 p.m. (Eastern Time) on each day the New York Stock Exchange ("NYSE") is open for business. NAV is computed by determining, on a per class basis, the aggregate market value of all assets of the Fund, less its liabilities, divided by the total number of shares outstanding ((assets-liabilities)/number of shares = NAV). The NYSE is closed on weekends and New Year's Day, Martin Luther King, Jr. Day, Presidents' Day, Good Friday, Memorial Day, Independence Day, Labor Day, Thanksgiving Day and Christmas Day, along with other full and partial days as announced/designated by the NYSE. The NAV takes into account, on a per class basis, the expenses and fees of the Fund, including management, administration, and distribution fees (if any), which are accrued daily. The determination of NAV for a share class for a particular day is applicable to all applications for the purchase of shares, as well as all requests for the redemption of shares, received by the Fund (or an authorized broker or agent, or its authorized designee) before the close of trading on the NYSE on that day.

Generally, the Fund's securities are valued each day at the last quoted sales price on each security's primary exchange. Securities traded or dealt in upon one or more securities exchanges (whether domestic or foreign) for which market quotations are readily available and not subject to restrictions against resale shall be valued at the last quoted sales price on the primary exchange or, in the absence of a sale on the primary exchange, at the last bid on the primary exchange. Securities primarily traded in the National Association of Securities Dealers' Automated Quotation System ("NASDAQ") National Market System for which market quotations are readily available shall be valued using the NASDAQ Official Closing Price. If market quotations are not readily available, securities will be valued at their fair market value as determined in good faith by the pricing committee of the adviser in accordance with procedures approved by the Board and evaluated by the Board as to the reliability of the fair value method used. In these cases, the Fund's NAV will reflect certain portfolio securities' fair value rather than their market price. Fair value pricing involves subjective judgments and it is possible that the fair value determined for a security is materially different than the value that could be realized upon the sale of that security. The fair value prices can differ from market prices when they become available or when a price becomes available.

If events materially affecting the value of a security in the Fund's portfolio occur after the close of trading, but before the Fund prices its shares, the security will be valued at fair value. For example, if trading in a portfolio security is halted and does not resume before the Fund calculates its NAV, the security's primary trading market is temporarily closed at a time when under normal conditions it would be open, the security's authorized pricing sources are not able or willing to provide a price, or a significant event with respect to a security or securities has occurred after the close of the market or exchange on which the security or securities principally trades and before the time the Fund calculates net asset value, including but not limited to natural disasters, armed conflicts or significant government actions, the adviser may need to price the security using the Fund's fair value pricing guidelines. Without a fair value price, short-term traders could take advantage of the arbitrage opportunity and dilute the NAV of long-term investors. Fair valuation of the Fund's portfolio securities can serve to reduce arbitrage opportunities available to short-term traders, but there is no assurance that fair value pricing policies will prevent dilution of the Fund's NAV by short term traders. The Fund has implemented a 1% redemption fee as a deterrent to short-term trading. The determination of fair value involves subjective judgments. As a result, using fair value to price a security may result in a price materially different from the prices used by other mutual funds to determine net asset value, or from the price that may be realized upon the actual sale of the security.

With respect to any portion of the Fund's assets that are invested in one or more open-end management investment companies registered under the 1940 Act, the Fund's net asset value is calculated based upon the net asset values of those open-end management investment companies, and the prospectuses for these companies explain the circumstances under which those companies will use fair value pricing and the effects of using fair value pricing.

HOW TO PURCHASE SHARES

Share Classes: This Prospectus describes three classes of shares offered by the Fund: Class A shares, Class C shares and Class I shares. The Fund offers these three classes of shares so that you can choose the class that best suits your investment needs. The main differences among each class are sales charges, ongoing fees and minimum investment. For information on ongoing distribution fees, see **Distribution Fees** on page 20 of this Prospectus. In choosing which class of shares to purchase, you should consider which will be most beneficial to you given your investment goals, the amount of your purchase and the length of time you expect to hold the shares. Each class of shares of the Fund represents interest in the same portfolio of investments in the Fund. There is no investment minimum on reinvested distributions and the Fund may change investment minimums at any time. The Fund reserves the right to waive sales charges and investment minimums. Not all share classes may be available for purchase in all states.

Class A Shares: Class A shares are offered at their public offering price; NAV plus the applicable sales charge and are also subject to 12b-1 distribution fees of 0.25% of the average daily net assets of Class A shares. The Fund's minimum initial investment in Class A shares of the Fund is \$250 for retirement plan accounts and \$1,000 for all other accounts. The minimum subsequent investment in Class A shares of the Fund is \$50 for retirement plan accounts and \$500 for all other accounts of that Fund. Use of the Fund's Automatic Investment Plan can lower these requirements.

The sales charge varies, depending on how much you invest. There are no sales charges on reinvested distributions. The Fund and the adviser each reserve the right to waive sales charges as described below. In addition, **a financial intermediary may offer Class A shares subject to variations in or elimination of Fund sales charges ("variations"), provided such variations are described in Appendix A. All variations described in Appendix A are applied by the identified financial intermediary.** Sales charge variations may apply to purchases, sales, exchanges and reinvestments of Fund shares and a shareholder transacting in Class A shares through an intermediary identified on Appendix A should read the terms and conditions of Appendix A carefully. A variation that is specific to a particular financial intermediary is not applicable to shares held directly with the Fund or through another intermediary. Please consult your financial intermediary with respect to any variations listed in Appendix A. The following sales charges apply to your purchases of Class A shares of the Fund:

Amount Invested	Sales Charge as a % of Offering Price	Sales Charge as a % of Amount Invested	Dealer Reallowance
Under \$50,000	5.75%	6.10%	5.00%
\$50,000 to \$99,999	4.75%	4.99%	4.00%
\$100,000 to \$249,999	3.75%	3.83%	3.25%
\$250,000 to \$499,999	2.50%	2.56%	2.00%
\$500,000 to \$999,999	2.00%	2.04%	1.75%
\$1,000,000 and above	0.00%	0.00%	0.00%

The adviser shall reimburse the Fund in connection with commissions retained by authorized broker-dealers on purchases of Class A shares over \$1 million calculated as follows: 1.00% on purchases between \$1 million and \$3 million, 0.50% on amounts over \$3 million but less than \$5 million, 0.25% on amounts over \$5 million. The commission rate is determined based on the purchase amount combined with the current market value of existing investments in Class A shares.

As shown, investors that purchase \$1,000,000 or more Class A shares will not pay any initial sales charge on the purchase. However, purchases of \$1,000,000 or more of Class A shares may be subject to a Contingent Deferred Sales Charge ("CDSC") of 1.00% on shares redeemed within the first 18 months after their purchase. Shares held longest will be treated as being redeemed first and shares held shortest as being redeemed last. Shares held for 18 months or more are not subject to the CDSC. Certain financial intermediaries have share class conversion programs whereby Class A shares that are no longer subject to a CDSC are converted to another share class of the Fund. Please see Appendix A and consult your financial intermediary for more information. A financial intermediary may also impose CDSC waivers. CDSC waiver variations specific to certain financial intermediaries are described in Appendix A.

You may be able to buy Class A shares without a sales charge when you are:

- Current and retired trustees and officers of the Fund, their families (e.g., spouse, children, mother or father) and any purchases referred through the adviser.
- Employees of the adviser and their families, or any full-time employee or registered representative of the distributor or of broker-dealers having dealer agreements with the adviser (a “Selling Broker”) and their immediate families (or any trust, pension, profit sharing or other benefit plan for the benefit of such persons).
- Any full-time employee of a bank, savings and loan, credit union or other financial institution that utilizes a Selling Broker to clear purchases of the Fund’s shares and their immediate families.
- Participants in certain “wrap-fee” or asset allocation programs or other fee based arrangements sponsored by broker-dealers and other financial institutions that have entered into agreements with the distributor.
- Clients of financial intermediaries that have entered into an agreement with the distributor providing for the shares to be used in particular investment products made available to such clients, including, for example, employee benefits or retirement plans or charitable accounts, and for which such financial intermediary may charge a separate fee.
- Clients of financial intermediaries that have entered into an agreement with the distributor to offer shares to self-directed investment brokerage accounts, whether or not such accounts are subject to transaction fees.
- Any accounts established on behalf of registered investment advisors or their clients by broker-dealers that charge a transaction fee and that have entered into agreements with the distributor.
- Separate accounts used to fund certain unregistered variable annuity contracts or Section 403(b) or 401(a) or (k) accounts.
- The Fund does not waive sales charges for the reinvestment of proceeds from the sale of shares of a different fund where those shares were subject to a front-end sales charge (sometimes called an “NAV transfer”).
- For additional sales charge discount variations applicable to shares purchased through certain financial intermediaries, please see Appendix A to this Prospectus “Financial Intermediary Sales Charge Variations.”

Right of Accumulation: For the purposes of determining the applicable reduced sales charge on the Class A shares, the right of accumulation allows you to include prior purchases of Fund shares as part of your current investment as well as reinvested dividends. To qualify for this option, you must be either:

- an individual;
- an individual and spouse purchasing shares for your own account or trust or custodial accounts for your minor children; or
- a fiduciary purchasing for any one trust, estate or fiduciary account, including employee benefit plans created under Sections 401, 403 or 457 of the Internal Revenue Code, including related plans of the same employer.

If you plan to rely on this right of accumulation, you must notify the Fund’s distributor, Northern Lights Distributors, LLC, at the time of your purchase. You will need to give the distributor your account numbers. Existing holdings of family members or other related accounts of a shareholder may be combined for purposes of determining eligibility. If applicable, you will need to provide the account numbers of your spouse and your minor children. If your minor children have an account number you must provide their age(s) in addition to their account number.

Letter of Intent: The letter of intent allows you to count all investments within a 13-month period in Class A shares of the Fund as if you were making them all at once for the purposes of calculating the applicable reduced sales charges. The minimum initial investment under a letter of intent is 5% of the total letter of intent amount. The letter of intent does not preclude the Fund from discontinuing sales of their Class A shares. You may include a purchase not originally made pursuant to a letter of intent under a letter of intent entered into within 90 days of the original purchase. To determine the applicable sales charge reduction, you may also include the cost of shares of the Fund that were previously purchased at a price including a front-end sales charge during the 90-day period prior to the distributor receiving the letter of intent. You may combine purchases by family members (limited to spouse and children, under the age of 21, living in the same household). You should retain any records necessary to substantiate historical costs because the Fund, the transfer agent and any financial intermediaries may not maintain this information. Shares acquired through reinvestment of dividends are not aggregated to achieve the stated investment goal.

Class C Shares: Class C shares are offered at their NAV without an initial sales charge. This means that 100% of your initial investment is placed into shares of the Fund. Class C shares pay 1.00% (as described in Fees and Expenses of the Fund) on an annualized basis of the average daily net assets attributed to Class C shares as reimbursement or compensation for service and distribution-related activities with respect to the Fund and/or shareholder services. Over time, fees paid under this distribution and service plan will increase the cost of a Class C shareholder's investment and may cost more than other types of sales charges. The minimum initial investment in Class C shares of the Fund is \$250 for retirement plan accounts and \$1,000 for all other accounts. The minimum subsequent investment in Class C shares of the Fund is \$50 for retirement plan accounts and \$500 for all other accounts.

Class I Shares: Class I shares of the Fund are sold at NAV without an initial sales charge and are not subject to 12b-1 distribution fees, but have a higher minimum initial investment than Class A and Class C shares. This means that 100% of your initial investment is placed into shares of the Fund. Class I shares pay 0.10% on an annualized basis of the average daily net assets as reimbursement or compensation for shareholder support and/or administrative services. Over time, fees paid under this shareholder service plan will increase the cost of a Class I shareholder's investment and may cost more than other types of service charges. The minimum initial investment in Class I shares of the Fund is \$25,000 for retirement plan accounts and \$25,000 for all other accounts. The minimum subsequent investment in Class I shares of the Fund is \$50 for retirement plan accounts and \$500 for all other accounts. The minimum initial investment requirements are waived for Class I shares purchased through certain brokerage accounts.

Factors to Consider When Choosing a Share Class: When deciding which class of shares of the Fund to purchase, you should consider your investment goals, present and future amounts you may invest in the Fund, and the length of time you intend to hold your shares. To help you make a determination as to which class of shares to buy, please refer back to the examples of the Fund's expenses over time in the **Fees and Expenses of the Fund** section for the Fund in this Prospectus. You also may wish to consult with your financial adviser for advice with regard to which share class would be most appropriate for you.

Purchasing Shares:

Purchasing shares of the Fund. The CUSIP number and ticker for Class A shares of the Fund are 21724W209 and CDGRX. The CUSIP number and ticker for Class C shares of the Fund are 21724W100 and CDCRX. The CUSIP number and ticker for Class I shares of the Fund are 21724W605 and CDIVX.

You may purchase shares of the Fund by sending a completed application form to the following address:

Address for Regular Mail:	Address for Overnight/Express Mail:
<p>Copeland Dividend Growth Fund c/o Gemini Fund Services, LLC P.O. Box 541150 Omaha, NE 68154</p>	<p>Copeland Dividend Growth Fund c/o Gemini Fund Services, LLC 4221 North 203rd Street, Suite 100 Elkhorn, NE 68022</p>

The USA PATRIOT Act requires financial institutions, including the Fund, to adopt certain policies and programs to prevent money-laundering activities, including procedures to verify the identity of customers opening new accounts. As requested on the Application, you should supply your full name, date of birth, social security number and permanent street address. Mailing addresses containing a P.O. Box will not be accepted. This information will assist the Fund in verifying your identity. Until such verification is made, the Fund may temporarily limit additional share purchases. In addition, the Fund may limit additional share purchases or close an account if they are unable to verify a shareholder's identity. As required by law, the Fund may employ various procedures, such as comparing the information to fraud databases or requesting additional information or documentation from you, to ensure that the information supplied by you is correct.

Purchase through Brokers: You may invest in the Fund through brokers or agents who have entered into selling agreements with the Fund's distributor. The brokers and agents are authorized to receive purchase and redemption orders on behalf of the Fund. The Fund will be deemed to have received a purchase or redemption order when an authorized broker or its designee receives the order in "good order", as defined below. The broker or agent may set their own initial and subsequent investment minimums. You may be charged a fee if you use a broker or agent to buy or redeem shares of the Fund. Finally, various servicing agents use procedures and impose restrictions that may be in addition to, or different from those applicable to investors purchasing shares directly from the Fund. You should carefully read the program materials provided to you by your servicing agent.

Purchase by Wire: If you wish to wire money to make an investment in the Fund, please call the Fund at 1-888-9-COPELAND (1-888-926-7352) for wiring instructions and to notify the Fund that a wire transfer is coming. Any commercial bank can transfer same-day funds via wire. The Fund will normally accept wired funds for investment on the day received if they are received by the Fund's designated bank before the close of regular trading on the NYSE. Your bank may charge you a fee for wiring same-day funds.

Automatic Investment Plan: You may participate in the Fund's Automatic Investment Plan, an investment plan that automatically moves money from your bank account and invests it in the Fund through the use of electronic funds transfers or automatic bank drafts. You may elect to make subsequent investments by transfers of a minimum of \$50 for retirement plan accounts and \$500 for all other accounts on specified days of each month into your established Fund account. Please contact the Fund at 1-888-9-COPELAND (1-888-926-7352) for more information about the Fund's Automatic Investment Plan. Minimum initial investment requirements may be waived for Automatic Investment Plan investors, at the Fund's discretion.

The Fund, however, reserves the right, in its sole discretion, to reject any application to purchase shares. Applications will not be accepted unless they are accompanied by a check drawn on a U.S. bank, thrift institutions, or credit union in U.S. funds for the full amount of the shares to be purchased. After you open an account, you may purchase additional shares by sending a check together with written instructions stating the name(s) on the account and the account number, to the above address. Make all checks payable to the Fund name, "**COPELAND DIVIDEND GROWTH FUND**". The Fund will not accept payment in cash, including cashier's checks or money orders. Also, to prevent check fraud, the Fund will not accept third party checks, U.S. Treasury checks, credit card checks or starter checks for the purchase of shares.

Note: Gemini Fund Services, LLC, the Fund's transfer agent, will charge a \$25 fee against a shareholder's account, in addition to any loss sustained by the Fund, for any check returned to the transfer agent for insufficient funds.

When Order is Processed: All shares of the Fund will be purchased at the NAV per share (plus applicable sales charges, if any) next determined after the Fund receives your application or request in good order. All requests received in good order by the Fund before 4:00 p.m. (Eastern Time) will be processed on that same day. Requests received after 4:00 p.m. will be processed on the next business day. If you purchase shares using a check and soon after request a redemption, your redemption proceeds, which are payable at the next determined NAV following the receipt your redemption request in "good order", as described below, will not be sent until the check used for your purchase has cleared your bank (usually within 10 days of the purchase date).

Good Order: When making a purchase request, make sure your request is in good order. "Good order" means your purchase request includes:

- the name of the Fund and share class;
- the dollar amount of shares to be purchased;
- a completed purchase application or investment stub; and
- a check payable to the "**COPELAND DIVIDEND GROWTH FUND**".

Retirement Plans: You may purchase shares of the Fund for your individual retirement plans. Please call the Fund at 1-888-9-COPELAND (1-888-926-7352) for the most current listing and appropriate disclosure documentation on how to open a retirement account.

HOW TO REDEEM SHARES

Redeeming Shares: You may redeem all or any portion of the shares credited to your account by submitting a written request for redemption to:

<i>Address for Regular Mail:</i>	<i>Address for Overnight/Express Mail:</i>
Copeland Dividend Growth Fund c/o Gemini Fund Services, LLC P.O. Box 541150 Omaha, NE 68154	Copeland Dividend Growth Fund c/o Gemini Fund Services, LLC 4221 North 203 rd Street, Suite 100 Elkhorn, NE 68022

Redemptions by Telephone: The telephone redemption privilege is automatically available to all new accounts except retirement accounts. If you do not want the telephone redemption privilege, you must indicate this in the appropriate area on your account application or you must write to the Fund and instruct it to remove this privilege from your account.

The proceeds will be sent by mail to the address designated on your account or wired directly to your existing account in a bank or brokerage firm in the United States as designated on your application. To redeem by telephone, call 1-888-9-COPELAND (1-888-926-7352). The redemption proceeds normally will be sent by mail or by wire within three business days after receipt of your telephone instructions. Retirement accounts are not redeemable by telephone.

The Fund reserves the right to suspend the telephone redemption privileges with respect to your account if the name(s) or the address on the account has been changed within the previous 30 days. Neither the Fund, the transfer agent, nor their respective affiliates will be liable for complying with telephone instructions they reasonably believe to be genuine or for any loss, damage, cost or expenses in acting on such telephone instructions and you will be required to bear the risk of any such loss. The Fund or the transfer agent, or both, will employ reasonable procedures to determine that telephone instructions are genuine. If the Fund and/or the transfer agent do not employ these procedures, they may be liable to you for losses due to unauthorized or fraudulent instructions. These procedures may include, among others, requiring forms of personal identification prior to acting upon telephone instructions, providing written confirmation of the transactions and/or tape recording telephone instructions.

Redemptions through Broker: If shares of the Fund are held by a broker-dealer, financial institution or other servicing agent, you must contact that servicing agent to redeem shares of the Fund. The servicing agent may charge a fee for this service.

Redemptions by Wire: You may request that your redemption proceeds be wired directly to your bank account. The Fund's transfer agent imposes a \$15 fee for each wire redemption and deducts the fee directly from your account. Your bank may also impose a fee for the incoming wire.

Redemptions in Kind: The Fund reserves the right to honor requests for redemption or repurchase orders made by a shareholder during any 90-day period by making payment in whole or in part in portfolio securities ("redemption in kind") if the amount of such a request is large enough to affect operations (if the request is greater than the lesser of \$250,000 or 1% of the Fund's net assets at the beginning of the 90-day period) or, subject to the approval of the Board of Trustees, in other circumstances identified by the Fund's adviser. The securities will be chosen by the Fund and valued using the same procedures as used in calculating the Fund's NAV in conformity with applicable rules of the SEC and the Trust's Policy and Procedures Related to the Processing of In-Kind Redemptions. A shareholder will be exposed to market risk until the securities are sold, generally will incur brokerage charges on the sale of portfolio securities so received in the payment of redemptions and may incur other transaction expenses in converting these securities to cash.

When Redemptions are Sent: Once the Fund receives your redemption request in "good order" as described below, it will issue a check based on the next determined NAV minus the CDSC and/or redemption fee, if any, following your redemption request. The redemption proceeds normally will be sent by mail or by wire within three business days after receipt of a request in "good order." If you purchase shares using a check and soon after request a redemption, your redemption proceeds will not be sent until the check used for your purchase has cleared your bank (usually within 10 days of the purchase date). Redemption proceeds are typically paid in cash from the proceeds of the sale of portfolio securities, although the Fund has the right to limit each shareholder to cash redemptions of \$250,000 or 1% of the Fund's NAV, whichever is less, within a 90-day period. Any additional redemption proceeds would be made in readily marketable securities (see "Redemptions in Kind" above). These redemption methods are used regularly and may also be used in stressed market conditions. The Fund will charge a 1% redemption fee on redemptions within 30 days of purchase. See **Redemption Fee** for additional details.

Good Order: Your redemption request will be processed if it is in “good order.”

To be in good order, the following conditions must be satisfied:

- the request should be in writing, unless redeeming by telephone, indicating the number of shares or dollar amount to be redeemed;
- the request must identify your account number;
- the request should be signed by you and any other person listed on the account, exactly as the shares are registered; and
- if you request that the redemption proceeds be sent to a person, bank or an address other than that of record or paid to someone other than the record owner(s), or if the address was changed within the last 30 days, or if the proceeds of a requested redemption exceed \$50,000, the signature(s) on the request must be medallion signature guaranteed by an eligible signature guarantor.

When You Need Medallion Signature Guarantees: If you wish to change the bank or brokerage account that you have designated on your account, you may do so at any time by writing to the Fund with your signature guaranteed. A medallion signature guarantee assures that a signature is genuine and protects you from unauthorized account transfers. You will need your signature guaranteed if:

- you request a redemption to be made payable to a person not on record with the Fund;
- you request that a redemption be mailed to an address other than that on record with the Fund;
- the proceeds of a requested redemption exceed \$50,000;
- any redemption is transmitted by federal wire transfer to a bank other than the bank of record; or
- your address was changed within 30 days of your redemption request.

Signatures may be guaranteed by any eligible guarantor institution (including banks, brokers and dealers, credit unions, national securities exchanges, registered securities associations, clearing agencies and savings associations). Further documentation will be required to change the designated account if shares are held by a corporation, fiduciary or other organization. *A notary public cannot guarantee signatures.*

Retirement Plans: If you own an IRA or other retirement plan, you must indicate on your redemption request whether the Fund should withhold federal income tax. Unless you elect in your redemption request that you do not want to have federal tax withheld, the redemption may be subject to withholding.

Low Balances: If at any time your account balance in the Fund falls below \$1,000 for regular accounts or \$250 for retirement accounts, the Fund may notify you that, unless the account is brought up to at least \$1,000 for regular accounts or \$250 for retirement accounts within 60 days of the notice; your account could be closed. After the notice period, the Fund may redeem all of your shares and close your account by sending you a check to the address of record. Your account will not be closed if the account balance drops below the low balance minimums above due to a decline in NAV.

Redemption Fee

The Fund will deduct a 1% redemption fee on the redemption amount if you sell your shares less than 30 days after purchase or shares held less than 30 days are redeemed for failure to maintain the Fund’s balance minimum. See **Low Balances** for further information on account closure policy. Shares held longest will be treated as being redeemed first and shares held shortest as being redeemed last. Shares held for 30 days or more are not subject to the 1% fee.

Redemption fees are paid to the Fund directly and are designed to offset costs associated with fluctuations in Fund asset levels and cash flow caused by short-term shareholder trading.

Waivers of Redemption Fees: The Fund has elected not to impose the redemption fee for:

- Redemptions of Fund shares acquired through the reinvestment of dividends and distributions;
- Certain types of redemptions of Fund shares owned through participant-directed retirement plans;
- Redemptions in discretionary asset allocation, fee based or wrap programs (“wrap programs”) that are initiated by the sponsor/financial advisor as part of a periodic rebalancing;
- Redemptions in a fee based or wrap program that are made as a result of a full withdrawal from the wrap program or as part of a systematic withdrawal plan;
- Involuntary redemptions such as to pay shareholder fees; or
- Other types of redemptions as the adviser or the Fund may determine in special situations and approved by the Fund’s or the adviser’s Chief Compliance Officer, or designated representative.

FREQUENT PURCHASES AND REDEMPTIONS OF FUND SHARES

Frequent trading into and out of the Fund can harm all Fund shareholders by disrupting the Fund's investment strategies, increasing Fund expenses, decreasing tax efficiency and diluting the value of shares held by long-term shareholders. The Fund are designed for long-term investors and are not intended for market timing or other disruptive trading activities. Accordingly, the Fund's Board has approved policies that seek to curb these disruptive activities while recognizing that shareholders may have a legitimate need to adjust their Fund investments as their financial needs or circumstances change. The Fund currently uses several methods to reduce the risk of market timing. These methods include:

- Committing staff to review, on a continuing basis, recent trading activity in order to identify trading activity that may be contrary to the Fund's Market Timing Policy; and
- Assessing a redemption fee for short-term trading within 30 days of purchase.

The redemption fee is intended to discourage short-term trading and is paid to the Fund to help offset any cost associated with such short-term trading. The Fund will monitor the assessment of redemption fees against your account. Based on the frequency of redemption fees assessed against your account, the Trust's Chief Compliance Officer ("CCO") may in her sole discretion determine that your trading activity is detrimental to the Fund as described in the Trust's Market Timing Policy and direct the Trust's Transfer Agent or Administrator to take one or more of the following actions: issue a warning letter; suspend purchases for 90 days; permanently block future purchases; and/or close your account and any other accounts you have with the Trust.

The Fund reserves the right to reject or restrict purchase requests for any reason, particularly when the shareholder's trading activity suggests that the shareholder may be engaged in market timing or other disruptive trading activities. Neither the Fund nor the adviser will be liable for any losses resulting from rejected purchase orders. The adviser may close the account of an investor who has violated these policies (and the investor's financial adviser) and also bar an investor from opening new accounts with the Fund.

Financial intermediaries maintaining omnibus accounts with the Fund have agreed to provide shareholder transaction information to the Fund upon request. If the Trust's CCO suspects there is market timing activity in the account, the Trust's CCO will seek full cooperation from the financial intermediary maintaining the account to identify the underlying participant. At the request of the Trust's CCO, the financial intermediary may take immediate action to stop any further short-term trading by such participants.

Despite the Fund's efforts to detect and prevent abusive trading activity, some investors use a variety of strategies to hide their identities and their trading practices. There can be no guarantee that the Fund will be able to identify all of those who may engage in abusive trading practices or limit their activities in every instance. In particular, it may be difficult to curtail such activity in certain omnibus accounts traded through intermediaries, despite the arrangements the Fund has entered into with the intermediaries to provide access to account level trading information.

TAX STATUS, DIVIDENDS AND DISTRIBUTIONS

The following is a summary of certain United States tax considerations relevant under current law, which may be subject to change in the future. Except where otherwise indicated, the discussion relates to investors who are individual United States citizens or residents.

The Fund intends to distribute substantially all of their net investment income at least annually and net capital gains annually in December. Both types of distributions will be reinvested in shares of the Fund unless you elect to receive cash. Dividends from net investment income (including any excess of net short-term capital gain over net long-term capital loss) are generally taxable to investors as ordinary income, while distributions of net capital gain (the excess of net long-term capital gain over net short-term capital loss) are generally taxable as long-term capital gain, regardless of your holding period for the shares. Any dividends or capital gain distributions you receive from the Fund will normally be taxable to you when paid, regardless of whether you reinvest dividends or capital gain distributions or receive them in cash. Certain dividends or distributions declared in October, November or December will be taxed to shareholders as if received in December if they are paid during the following January. Each year the Fund will inform you of the amount and type of your distributions. IRAs and other qualified retirement plans are generally exempt from federal income taxation, but retirement proceeds that are paid out to the participant may be taxable. Individuals, trusts and estates with income above certain thresholds are subject to a 3.8% Medicare contribution tax on net investment income including interest, dividends and capital gains.

Distributions of “qualifying dividends” will generally be taxable to you at long-term capital gain rates, as long as certain requirements are met. In general, if 95% or more of the gross income of the Fund (other than net capital gain) consists of dividends received from domestic corporations or “qualified” foreign corporations (“qualifying dividends”), then all distributions paid by the Fund to individual shareholders will be taxed at long-term capital gain rates. But if less than 95% of the gross income of the Fund (other than net capital gain) consists of qualifying dividends, then distributions paid by the Fund to individual shareholders will be qualifying dividends only to the extent they are derived from qualifying dividends earned by the Fund. For the lower rates to apply, you must have owned your Fund shares for at least 61 days during the 121-day period beginning on the date that is 60 days before the Fund’s ex-dividend date (and the Fund will need to have met a similar holding period requirement with respect to the shares of the corporation paying the qualifying dividend). The amount of the Fund’s distributions that qualify for this favorable treatment may be reduced as a result of the Fund’s securities lending activities (if any), a high portfolio turnover rate, or investments in debt securities or “non-qualified” foreign corporations.

Individuals and certain other non-corporate entities are generally eligible for a 20% deduction with respect to “qualified REIT dividends” (defined in Code Section 199A(e)(3) as any dividend from a REIT that is not a capital gain dividend or qualified dividend income). Under Treasury regulations a regulated investment company such as the Fund may pay a dividend to its shareholder that is attributable to the regulated investment company’s receipt of qualified REIT dividends and the shareholder can treat the receipt of such dividend in the same or a similar manner as the manner in which the shareholder would treat the qualified REIT dividend as if the shareholder realized it directly. In other words, a regulated investment company shareholder will be eligible for the 20% deduction with respect to dividends paid by the regulated investment company that the regulated investment company designates are attributable to qualified REIT dividends. Such dividends are referred to as Section 199A dividends.

The Fund may be subject to foreign withholding or other foreign taxes on income or gain from certain foreign securities. If more than 50% of the value of the total assets of the Fund consists of stocks and securities (including debt securities) of foreign corporations at the close of a taxable year, the Fund may elect, for federal income tax purposes, to treat certain foreign taxes paid by it, including generally any withholding and other foreign income taxes, as paid by its shareholders. If the Fund makes this election, the amount of these foreign taxes paid by the Fund will be included in its shareholders’ income pro rata (in addition to taxable distributions actually received by them), and each such shareholder will be entitled either (1) to credit that proportionate amount of taxes against U.S. federal income tax liability as a foreign tax credit or (2) to take that amount as an itemized deduction. If the Fund is not eligible or chooses not to make this election the Fund will be entitled to deduct any such foreign taxes in computing the amounts it is required to distribute.

A portion of distributions paid by the Fund to shareholders who are corporations may also qualify for the dividends-received deduction for corporations, subject to certain holding period requirements and debt financing limitations. The amount of the dividends qualifying for this deduction may, however, be reduced as a result of the Fund’s securities lending activities (if any), by a high portfolio turnover rate, or by investments in debt securities or foreign corporations.

You should note that if you buy shares of the Fund shortly before it makes a distribution, the distribution will be fully taxable to you even though, as an economic matter, it simply represents a return of a portion of your investment. This is known as “buying into a dividend.”

Any sale or redemption of the Fund's shares may generate tax liability (unless you are a tax-exempt investor or your investment is in a qualified retirement account). When you sell or redeem your shares you may realize a taxable gain or loss. The amount of the gain or loss is based on the difference between your tax basis in the Fund shares and the amount you receive for them upon disposition. Generally, you will recognize a long-term capital gain or loss if you have held your Fund shares for over twelve months at the time you sell or redeem them. Gains and losses on shares held for twelve months or less will generally constitute short-term capital gains, except that a loss on shares held six months or less will be recharacterized as a long-term capital loss to the extent of any capital gains distributions that you have received on the shares. A loss realized on a sale or redemption of Fund shares may be disallowed under the so-called "wash sale" rules to the extent the shares disposed of are replaced with other shares of that same Fund (such as pursuant to a dividend reinvestment in shares of the Fund) within a period of 61 days beginning 30 days before and ending 30 days after the shares are disposed of. If disallowed, the loss will be reflected in an upward adjustment to the basis of the shares acquired.

For shares acquired on or after January 1, 2012, the Fund (or relevant broker or financial advisor) are required to compute and report to the Internal Revenue Service (the "IRS") and furnish to Fund's shareholders cost basis information when such shares are sold or redeemed. The Fund has elected to use the average cost method, unless you instruct the Fund to use a different IRS-accepted cost basis method, or choose to specifically identify your shares at the time of each sale or redemption. If your account is held by your broker or other financial advisor, they may select a different cost basis method. In these cases, please contact your broker or other financial advisor to obtain information with respect to the available methods and elections for your account. You should carefully review the cost basis information provided by the Fund and make any additional basis, holding period or other adjustments that are required when reporting these amounts on your federal and state income tax returns. Fund shareholders should consult with their tax advisors to determine the best IRS-accepted cost basis method for their tax situation and to obtain more information about how the cost basis reporting requirements apply to them.

On the account application, you will be asked to certify that your social security number or taxpayer identification number is correct and that you are not subject to backup withholding for failing to report income to the IRS. If you are subject to backup withholding or you did not certify your taxpayer identification number, the IRS requires the Fund to withhold a percentage of any dividend or redemption proceeds. The Fund reserves the right to reject any application that does not include a certified social security or taxpayer identification number. If you do not have a social security number, you should indicate on the purchase form that your application to obtain a number is pending.

Generally, nonresident aliens, foreign corporations and other foreign investors are subject to a 30% withholding tax on dividends paid by a U.S. corporation, although the rate may be reduced for an investor that is a qualified resident of a foreign country with an applicable tax treaty with the United States. In the case of a regulated investment company such as the Fund, however, certain categories of dividends are exempt from the 30% withholding tax. These generally include dividends attributable to the Fund's net capital gains (the excess of net long-term capital gains over net short-term capital losses), dividends attributable to the Fund's interest income from U.S. obligors and dividends attributable to net short-term capital gains of the Fund.

Foreign shareholders will generally not be subject to U.S. tax on gains realized on the sale or redemption of shares in the Fund, except that a nonresident alien individual who is present in the United States for 183 days or more in a calendar year will be taxed on such gains and on capital gain dividends from the Fund.

In contrast, if a foreign investor conducts a trade or business in the United States and the investment in the Fund is effectively connected with that trade or business, then the foreign investor's income from the Fund will generally be subject to U.S. federal income tax at graduated rates in a manner similar to the income of a U.S. citizen or resident.

The Fund will also generally be required to withhold 30% tax on certain payments to foreign entities that do not provide a Form W-8BEN-E that evidences their compliance with, or exemption from, specified information reporting requirements under the Foreign Account Tax Compliance Act.

All foreign investors should consult their own tax advisors regarding the tax consequences in their country of residence of an investment in the Fund.

You may also be subject to state and local taxes on income and gain attributable to your ownership of Fund shares. State income taxes may not apply, however, to the portions of the Fund's distributions, if any, that are attributable to interest earned by the Fund on U.S. Government securities. You should consult your tax adviser regarding the tax status of distributions in your state and locality.

This summary is not intended to be and should not be construed to be legal or tax advice. You should consult your own tax advisors to determine the tax consequences of owning the Fund's shares. Additional information about taxes is contained in the SAI.

DISTRIBUTION OF SHARES

Distributor: Northern Lights Distributors, LLC, 4221 North 203rd Street, Suite 100, Elkhorn, NE 68022, is the distributor for the shares of the Fund. Northern Lights Distributors, LLC is a registered broker-dealer and member of the Financial Industry Regulatory Authority, Inc. (FINRA). Shares of the Fund are offered on a continuous basis.

Distribution Fees: The Fund has adopted a Distribution Plan (“12b-1 Plan” or “Plan”), for Class A and Class C shares, pursuant to which the Fund pays the Fund’s distributor an annual fee for distribution and shareholder servicing expenses of 0.25% and 1.00% of such Fund’s average daily net assets attributable to Class A and Class C shares, respectively. There is no distribution fee charged for Class I shares. Because these fees are paid out of the Fund’s assets on an ongoing basis, over time these fees will increase the cost of your investment.

The Fund’s distributor and other entities are paid under the Plan for services provided and the expenses borne by the distributor and others in the distribution of such Fund shares, including the payment of commissions for sales of the shares and incentive compensation to and expenses of dealers and others, including the adviser, who engage in or support distribution of shares or who service shareholder accounts, including overhead and telephone expenses; printing and distribution of prospectuses and reports used in connection with the offering of the Fund’s shares to other than current shareholders; and preparation, printing and distribution of sales literature and advertising materials. In addition, the distributor or other entities may utilize fees paid pursuant to the Plan to compensate dealers or other entities for their opportunity costs in advancing such amounts, which compensation would be in the form of a carrying charge on any un-reimbursed expenses.

Shareholder Service Fees: The Fund has adopted a non-12b-1 Shareholder Service Plan (“Service Plan”), for Class I shares, pursuant to which the Fund pays brokers, financial intermediaries and others an annual fee for shareholder servicing expenses of 0.10% of such Fund’s average daily net assets attributable to Class I shares. Because these fees are paid out of the Fund’s assets on an ongoing basis, over time these fees will increase the cost of your investment.

The fees paid by the Fund under the Service Plan are for services provided and the expenses borne by entities who service shareholder accounts, including payments to entities who hold Fund shares for shareholders in omnibus accounts or as shareholders of record or provide or arrange to provide shareholder support or administrative services to the Fund and its Class I shareholders, including the adviser, overhead and telephone expenses, answering shareholder questions, processing transactions and providing such other shareholder services as the Trust may reasonably request.

Additional Compensation to Financial Intermediaries: The Fund’s distributor, its affiliates, and the Fund’s adviser may, at their own expense and out of their own assets including their legitimate profits from Fund-related activities, provide additional cash payments to financial intermediaries who sell shares of the Fund. Financial intermediaries include brokers, financial planners, banks, insurance companies, retirement or 401(k) plan administrators and others. These payments may be in addition to the Rule 12b-1 fees, shareholder service fees and any sales charges that are disclosed elsewhere in this Prospectus. These payments are generally made to financial intermediaries that provide shareholder or administrative services, or marketing support. Marketing support may include access to sales meetings, sales representatives and financial intermediary management representatives, inclusion of the Fund on a sales list, including a preferred or select sales list, or other sales programs. The distributor may, from time to time, provide promotional incentives, including allowance and/or payment of up to the entire sales charge, to certain investment firms. Such incentives may, at the distributor’s discretion, be limited to investment firms who allow their individual selling representatives to participate in such additional commissions.

Payments may also be made to financial intermediaries as an additional expense reimbursement by the Fund in cases where the financial intermediary provides shareholder services to the Fund shareholders. These payments are generally based on either (1) a percentage of the average daily net assets of Fund shareholders serviced by the financial intermediary or (2) a fixed dollar amount for each account serviced by the Service Organization.

Householding: To reduce expenses, the Fund mail only one copy of the Prospectus and each annual and semi-annual report to those addresses shared by two or more accounts. If you wish to receive individual copies of these documents, please call the Fund at 1-888-9-COPELAND (1-888-926-7352) on days the Fund are open for business or contact your financial institution. The Fund will begin sending you individual copies thirty days after receiving your request.

FINANCIAL HIGHLIGHTS

The financial highlights tables are intended to help you understand the Fund's financial performance for the period of the Fund's operations. The tables below reflect information for the Fund's Class A, Class C and Class I shares. Certain information reflects financial results for a single Fund share. The total return in the tables represent the rate that an investor would have earned (or lost) on an investment in the Fund (assuming reinvestment of all dividends and distributions). This information for the Fund has been derived from the financial statements audited by Tait, Weller and Baker LLP, whose report, along with the Fund's financial statements, are included in the Fund's November 30, 2020 annual report, which is available upon request.

PRIVACY NOTICE

FACTS WHAT DOES COPELAND TRUST DO WITH YOUR PERSONAL INFORMATION?

Why? Financial companies choose how they share your personal information. Federal law gives consumers the right to limit some but not all sharing. Federal law also requires us to tell you how we collect, share, and protect your personal information. Please read this notice carefully to understand what we do.

What? The types of personal information we collect and share depend on the product or service you have with us. This information can include:

- Social Security number
- Assets
- Retirement Assets
- Transaction History
- Checking Account Information
- Purchase History
- Account Balances
- Account Transactions
- Wire Transfer Instructions

When you are *no longer* our customer, we continue to share your information as described in this notice.

How? All financial companies need to share customers' personal information to run their everyday business. In the section below, we list the reasons financial companies can share their customers' personal information; the reasons Copeland Trust chooses to share; and whether you can limit this sharing.

Reasons we can share your personal information	Does Copeland Trust share?	Can you limit this sharing?
For our everyday business purposes – such as to process your transactions, maintain your account(s), respond to court orders and legal investigations, or report to credit bureaus	Yes	No
For our marketing purposes – to offer our products and services to you	No	We don't share
For joint marketing with other financial companies	No	We don't share
For our affiliates' everyday business purposes – information about your transactions and experiences	No	We don't share
For our affiliates' everyday business purposes – information about your creditworthiness	No	We don't share
For nonaffiliates to market to you	No	We don't share

Questions? Call 1-888-9-COPELAND (1-888-926-7352)

Who we are

Who is providing this notice? Copeland Trust

What we do

How does Copeland Trust protect my personal information?

To protect your personal information from unauthorized access and use, we use security measures that comply with federal law. These measures include computer safeguards and secured files and buildings.

Our service providers are held accountable for adhering to strict policies and procedures to prevent any misuse of your nonpublic personal information.

How does Copeland Trust collect my personal information?

We collect your personal information, for example, when you

- Open an account
- Provide account information
- Give us your contact information
- Make deposits or withdrawals from your account
- Make a wire transfer
- Tell us where to send the money
- Tells us who receives the money
- Show your government-issued ID
- Show your driver's license

We also collect your personal information from other companies.

Why can't I limit all sharing?

Federal law gives you the right to limit only

- Sharing for affiliates' everyday business purposes – information about your creditworthiness
- Affiliates from using your information to market to you
- Sharing for nonaffiliates to market to you

State laws and individual companies may give you additional rights to limit sharing.

Definitions

Affiliates

Companies related by common ownership or control. They can be financial and nonfinancial companies.

- *Copeland Trust does not share with our affiliates.*

Nonaffiliates

Companies not related by common ownership or control. They can be financial and nonfinancial companies

- *Copeland Trust does not share with nonaffiliates so they can market to you.*

Joint marketing

A formal agreement between nonaffiliated financial companies that together market financial products or services to you.

- *Copeland Trust does not jointly market.*

Appendix A: Financial Intermediary Sales Charge Variations

The availability of certain sales charge waivers and discounts will depend on whether you purchase your Class A shares directly from the Fund or through a financial intermediary. Specific intermediaries may have different policies and procedures regarding the availability of front-end sales charge waivers or CDSC waivers. In all instances, it is the shareholder's responsibility to notify the Fund or the shareholder's financial intermediary at the time of purchase of any relationship or other facts qualifying the purchaser for sales charge waivers or discounts. This Appendix will be updated based on information provided by the financial intermediaries. Neither the Fund, the adviser nor the distributor supervises the implementation of financial intermediary sales charge waivers, discounts, policies or procedures nor do they verify the intermediaries' administration of such waivers, discounts, policies or procedures.

For waivers and discounts not available through a particular intermediary listed below, shareholders will have to purchase Class A shares directly from the Fund or through another intermediary to receive Fund imposed waivers or discounts. Please see **How to Purchase Shares: Class A Shares** starting on page 11 of this Prospectus for information about such waivers and discounts.

Raymond James & Associates, Inc., Raymond James Financial Services, Inc., & Raymond James affiliates ("Raymond James").

Intermediary-Defined Sales Charge Waiver Policies.

The availability of certain initial or deferred sales charge waivers and discounts may depend on the particular financial intermediary or type of account through which you purchase or hold Fund shares.

Intermediaries may have different policies and procedures regarding the availability of front-end sales load waivers or contingent deferred (back-end) sales load ("CDSC") waivers, which are discussed below. In all instances, it is the purchaser's responsibility to notify the fund or the purchaser's financial intermediary at the time of purchase of any relationship or other facts qualifying the purchaser for sales charge waivers or discounts. For waivers and discounts not available through a particular intermediary, shareholders will have to purchase fund shares directly from the fund or through another intermediary to receive these waivers or discounts.

Effective March 1, 2019, shareholders purchasing fund shares through a Raymond James platform or account will be eligible only for the following load waivers (front-end sales charge waivers and contingent deferred, or back-end, sales charge waivers) and discounts, which may differ from those disclosed elsewhere in this fund's prospectus or SAI.

Front-end sales load waivers on Class A shares available at Raymond James

- Shares purchased in an investment advisory program.
- Shares purchased through reinvestment of capital gains distributions and dividend reinvestment when purchasing shares of the same fund (but not any other fund within the fund family).
- Employees and registered representatives of Raymond James or its affiliates and their family members as designated by Raymond James.
- Shares purchased from the proceeds of redemptions within the same fund family, provided (1) the repurchase occurs within 90 days following the redemption, (2) the redemption and purchase occur in the same account, and (3) redeemed shares were subject to a front-end or deferred sales load (known as Rights of Reinstatement).
- A shareholder in the Fund's Class A shares will have their shares converted at net asset value to Class I shares (or the appropriate share class) of the Fund if the shares are no longer subject to a CDSC and the conversion is in line with the policies and procedures of Raymond James.

CDSC Waivers on Classes A, B and C shares available at Raymond James

- Death or disability of the shareholder.
- Shares sold as part of a systematic withdrawal plan as described in the fund's prospectus.
- Return of excess contributions from an IRA Account.
- Shares sold as part of a required minimum distribution for IRA and retirement accounts due to the shareholder reaching age based on applicable IRS regulations as described in the fund's prospectus.
- Shares sold to pay Raymond James fees but only if the transaction is initiated by Raymond James.
- Shares acquired through a right of reinstatement.

Front-end load discounts available at Raymond James: breakpoints, and/or rights of accumulation

- Breakpoints as described in this prospectus.
- Rights of accumulation which entitle shareholders to breakpoint discounts will be automatically calculated based on the aggregated holding of fund family assets held by accounts within the purchaser's household at Raymond James. Eligible fund family assets not held at Raymond James may be included in the calculation of rights of accumulation only if the shareholder notifies his or her financial advisor about such assets.
- Letters of intent which allow for breakpoint discounts based on anticipated purchases within a fund family, over a 13-month time period. Eligible fund family assets not held at Raymond James may be included in the calculation of letters of intent only if the shareholder notifies his or her financial advisor about such assets.

Janney Montgomery Scott LLC

Effective May 1, 2020, shareholders purchasing fund shares through a Janney Montgomery Scott LLC ("Janney") account will be eligible only for the following load waivers (front-end sales charge waivers and contingent deferred, or back-end, sales charge waivers) and discounts, which may differ from those disclosed elsewhere in this fund's Prospectus or SAI.

Front-end sales charge waivers on Class A shares available at Janney

- Shares purchased through reinvestment of capital gains distributions and dividend reinvestment when purchasing shares of the same fund (but not any other fund within the fund family).
- Shares purchased by employees and registered representatives of Janney or its affiliates and their family members as designated by Janney.
- Shares purchased from the proceeds of redemptions within the same fund family, provided (1) the repurchase occurs within ninety (90) days following the redemption, (2) the redemption and purchase occur in the same account, and (3) redeemed shares were subject to a front-end or deferred sales load (i.e., right of reinstatement).
- Class C shares that are no longer subject to a contingent deferred sales charge and are converted to Class A shares of the same fund pursuant to Janney's policies and procedures.

Sales charge waivers on Class A and C shares available at Janney. Shares sold upon the death or disability of the shareholder.

- Shares sold as part of a systematic withdrawal plan as described in the fund's Prospectus.
- Shares purchased in connection with a return of excess contributions from an IRA account.
- Shares sold as part of a required minimum distribution for IRA and other retirement accounts due to the shareholder reaching age 70½ as described in the fund's Prospectus.
- Shares sold to pay Janney fees but only if the transaction is initiated by Janney.
- Shares acquired through a right of reinstatement.

Front-end load discounts available at Janney: breakpoints, and/or rights of accumulation

- Breakpoints as described in the fund's Prospectus.
- Rights of accumulation ("ROA"), which entitle shareholders to breakpoint discounts, will be automatically calculated based on the aggregated holding of fund family assets held by accounts within the purchaser's household at Janney. Eligible fund family assets not held at Janney may be included in the ROA calculation only if the shareholder notifies his or her financial advisor about such assets.

Oppenheimer & Co., Inc, (“OPCO”)

Effective February 26, 2020, shareholders purchasing Fund shares through an OPCO platform or account are eligible only for the following load waivers (front-end sales charge waivers and contingent deferred, or back-end, sales charge waivers) and discounts, which may differ from those disclosed elsewhere in this Fund’s prospectus or SAI.

Front-end Sales Load Waivers on Class A Shares available at OPCO

- Employer-sponsored retirement, deferred compensation and employee benefit plans (including health savings accounts) and trusts used to fund those plans, provided that the shares are not held in a commission-based brokerage account and shares are held for the benefit of the plan.
- Shares purchased by or through a 529 Plan
- Shares purchased through a OPCO affiliated investment advisory program
- Shares purchased through reinvestment of capital gains distributions and dividend reinvestment when purchasing shares of the same fund (but not any other fund within the fund family)
- Shares purchased from the proceeds of redemptions within the same fund family, provided (1) the repurchase occurs within 90 days following the redemption, (2) the redemption and purchase occur in the same amount, and (3) redeemed shares were subject to a front-end or deferred sales load (known as Rights of Restatement).
- A shareholder in the Fund’s Class C shares will have their shares converted at net asset value to Class A shares (or the appropriate share class) of the Fund if the shares are no longer subject to a CDSC and the conversion is in line with the policies and procedures of OPCO
- Employees and registered representatives of OPCO or its affiliates and their family members
- Directors or Trustees of the Fund, and employees of the Fund’s investment adviser or any of its affiliates, as described in this prospectus

CDSC Waivers on A, B and C Shares available at OPCO

- Death or disability of the shareholder
- Shares sold as part of a systematic withdrawal plan as described in the Fund’s prospectus
- Return of excess contributions from an IRA Account
- Shares sold as part of a required minimum distribution for IRA and retirement accounts due to the shareholder reaching age 70½ as described in the prospectus
- Shares sold to pay OPCO fees but only if the transaction is initiated by OPCO
- Shares acquired through a right of reinstatement

Front-end load Discounts Available at OPCO: Breakpoints, Rights of Accumulation & Letters of Intent

- Breakpoints as described in this prospectus.
- Rights of Accumulation (ROA) which entitle shareholders to breakpoint discounts will be automatically calculated based on the aggregated holding of fund family assets held by accounts within the purchaser’s household at OPCO. Eligible fund family assets not held at OPCO may be included in the ROA calculation only if the shareholder notifies his or her financial advisor about such assets
